Introduction to New Ryder Scott Freeware – SEC Seeker™

Jennifer Fitzgerald, P.E.
Eric Sepolio
Ryder Scott Company

SEC Seeker Purpose

To provide the ability to search certain publicly available documents

- Filed by Oil & Gas Companies
- Within the U.S. Securities and Exchange Commission's EDGAR database
- Filings as of or after December 31, 2009

Public release scheduled for 1Q2012

- Quickly and efficiently view and retrieve multiple records
- Customizable searches
 - Filter several relevant criteria at one time
 - Advanced Text Search
- Long-term Functionality
 - Saved Searches may be retrieved at later date
 - Evergreen database with new documents available for search regularly added

- 10-K Filers included in demo represent Oil & Gas Journal's 2009 Top 50 Domestic Oil & Gas Companies
- 20-F Filers included in demo represent 7 or the Top 10 International Oil & Gas Companies from Oil & Gas Journal's 2009 results
- SEC Seeker will be expanded to include additional Oil & Gas Companies

- Filing Year
 - Year associated with as of date for a particular document filed with SEC
- Filing Period
 - Month & Day (MM/DD) associated with as of date for a particular document filed with SEC
 - Calendar year-end or Fiscal year-end
- Filing Date
 - Actual date document was filed with SEC

Document Types – Annual Filings

- 10-K
 - Annual filing for Domestic O&G Company
- 10-Ka
 - Amended annual filing for Domestic O&G Company
- 20-F
 - Annual filing for International O&G Company
- 20-Fa
 - Amended annual filing for International O&G Company
- 40-F
 - Annual filing for Canadian O&G Company

Document Types – Comment Letters

- SEC Seeker includes Comments Letters that reference 10-K, 20-F and 40-F annual filings
- Comment Letter Upload
 - Questions from SEC to O&G Company
- Comment Letter Corresp
 - Correspondence from O&G Company to SEC in response to Comment Letter Upload
- Comment Letters are not available until issue has been closed by SEC

Document Types – Not Available

- Quarterly Filings
- Registration Statements
- Miscellaneous documents filed with SEC
- All documents filed before December 31, 2009
- Press Releases, Annual Reports, and Investor Presentations

Welcome to SEC Seeker

Welcome to the Ryder Scott SEC Seeker

Ryder Scott's SEC Seeker is freeware that provides the ability to search certain publicly available documents filed by oil and gas companies in the U.S. Securities and Exchange Commission's EDGAR database. Documents available for search include 10-K, 10-K amended, 20-F, 20-F amended, and 40-F annual filings and SEC upload (Upload) and company correspondence (Corresp) comment letters that reference annual filings as of or after December 31, 2009. Not all of these documents are currently available for all oil and gas companies as SEC Seeker will be expanded to include additional companies over time. SEC Seeker is not intended to provide an all inclusive set of documents filed with the SEC. Specifically, SEC Seeker does not include quarterly filings, registration statements, or other SEC filings not mentioned previously, nor does it provide an interpretation or analysis of the available documents. Any interpretations or conclusions drawn from the use of the documents are solely those of the user. "EDGAR" is a trademark of the U.S. Securities and Exchange Commission. SEC Seeker is not affiliated with or approved by the U.S. Securities and Exchange Commission.

Advanced Text Searches

SEC Seeker Demo: Advanced Search Help

Advanced Search Instructions

In order to help find the documents more efficiently, the SEC Seeker is designed for advanced searching and does not allow wide open searches.

- **Searching for a Phrase**
 - To match a phrase put the search phrase in quotations
 - Do not use Boolean Operators inside the quotations, it will be considered part of the phrase search
 - Special characters, such as # \$ & 01234, must be included in quotations
 - *"reliable technology"* - find documents that contain the phrase *reliable technology*
 - *"reliable technology" AND unconventional* - Boolean Operators can be used along with phrase searches
 - *"oil & gas"* - find documents that contain the phrase *oil & gas*, without quotations search would find documents that contain *oil AND gas*
- **Searching for Specific Words - Boolean Operators (AND, OR, NOT, NEAR)**
 - If searching for more than one word use Boolean Operators to define the search
 - Entering multiple words without a Boolean Operator or quotations will cause an error (*reliable technology*)
 - *reliable AND technology* - find documents that contain both words/phrases
 - *reliable OR technology* - find documents that contain either word/phrase
 - *reliable NOT technology* - find documents that contain the preceding word/phrase but do NOT contain the latter word/phrase
 - *reliable NEAR technology* - find documents that have the words/phrases near each other in the document
- **Searching with Wildcards**
 - Use of the * as a wildcard character in the search is allowed but it needs to be in quotations
 - *"reliable tec*"* - find documents that contain the phrase beginning with *reliable tec*
 - *"*logy"* - find documents that contain words ending in *logy*
- **Using Parentheses for Order of Evaluation**
 - Parentheses can be used to group searches together - Operations in parentheses will be evaluated first
 - *reliable AND (technology OR unconventional)* - find documents that contain reliable AND either technology OR unconventional
 - *technology NOT (reliable OR unconventional)* - find documents that contain technology but do NOT contain reliable OR unconventional
