### Welcome to the Ryder Scott SEC Seeker™ Database

Ryder Scott's SEC Seeker™ is freeware that enables the user to search certain publicly available documents filed by certain companies in the U.S. Securities and Exchange Commission's EDGAR database. Searchable documents include a company's 10-K, 10-K amended, 20-F, 20-F amended, and 40-F annual filings and SEC upload (Upload) and company correspondence (Corresp) comment letters that reference annual filings as of or after December 31, 2009. Not all of these documents are available for each company included in the SEC Seeker™ database. SEC Seeker™ does not provide an all-inclusive set of a company's documents filed with the SEC. Specifically, SEC Seeker™ does not include quarterly filings, registration statements, or other SEC filings not listed above. SEC Seeker™ does not provide an interpretation, analysis, or conclusion of the available documents. Any interpretations, analyses, or conclusions drawn from the use of the documents are solely those of the user. "EDGAR" is a trademark of the U.S. Securities and Exchange Commission.
